

# T282 Pointe Adventure

Join Troop 282 on an adventure to Yellowstone National Park.

Join us for a memorable trip to America's most famous park to see the Old Faithful geyser, wildlife, and fly fish in world-class waters.

Day 1 (Saturday): Our trip begins with our arrival at the Rainbow Point campground, a trip to West Yellowstone where we will pick up our fishing licenses, learn about bears and backcountry travel.

Day 2 (Sunday): We will travel to the Continental Divide (group photo with Class A), spend time in the Old Faithful Visitor Education Center learning about geysers including the two 15-minute videos, take a 4.6m hike to the Upper Geyser Basin. After lunch, we'll stop at Yellowstone's geothermal features (Grand Prismatic Spring & Fountain Paint Pot) along the way back to our camp at Rainbow Point. The late afternoon & evening, we will spend relaxing and flyfishing the Gallatin River near the western edge of the park.

Day 3 (Monday): We will be up early to see the Grand Canyon of the Yellowstone. View the Upper Falls & take a 0.7m hike (328 steps) to the lower falls. After lunch, we will either head back to camp, or continue counter clockwise on the upper loop, driving over the 10,000ft pass, through high alpine valleys to get to the Lamar Valley to view wildlife before heading back to camp.

Day 4 (Tuesday): We will be off to the Norris Geyser Basin after stopping for short hikes at Beryl Spring & Artists Paint Pots. After a viewing Norris, we will explore the Museum of the National Park Ranger at the Norris Soldier Station where we will have lunch. We will head back to the Madison young anglers fishing area where 'back casts' won't be a problem.

Day 5 (Wednesday): We depart for the Mammoth Hot Springs which are a different thermal feature of the park. We will tour with a ranger at 9am and visit the newly remodeled Albright Visitor Center. After lunch in Mammoth, we will return to camp and have a leisurely afternoon and breakfast for dinner!

Day 6 (Thursday): Easy camp day. Maybe travel to Earthquake Lake or fishing along the Gallatin. Perhaps re-visit our favorite fishing hole or location in the Park.

Day 7 (Friday): We break camp and depart for Craters of the Moon in Idaho where we will stretch our legs, retrieve our flashlights and take a short hike to cool off. Then depart to rendezvous with the Bliss Pass group in Ontario, Oregon.

Day 8 (Saturday): We continue our 7 hour drive to Eugene.

# T282 Gallatin Adventure

Join Troop 282 on an adventure to Yellowstone National Park.

Join us for a memorable trip to America's most famous park to see the Old Faithful geyser, wildlife, hike the back country and fly fish in world-class waters.

Day 1 (Saturday): Our trip begins with our arrival at the Rainbow Point campground, a trip to West Yellowstone where we will pick up our fishing licenses, learn about bears and backcountry travel.

Day 2 (Sunday): We will travel to the Continental Divide (group photo with Class A), spend time in the Old Faithful Visitor Education Center learning about geysers including the two 15-minute videos, take a 4.6m hike to the Upper Geyser Basin. After lunch, we'll stop at Yellowstone's geothermal features (Grand Prismatic Spring & Fountain Paint Pot) along the way back to our camp at Rainbow Point. The late afternoon & evening, we will spend relaxing and flyfishing the Gallatin River near the western edge of the park.

Day 3 (Monday): We will be up early to see the Grand Canyon of the Yellowstone. View the Upper Falls & take a 0.7m hike (328 steps) to the lower falls. After lunch, we will either continue clockwise on the lower loop, driving by Yellowstone Lake and stopping to flyfish the Firehole or Madison rivers before heading back to camp or continue counter clockwise on the upper loop, driving over the 10,000ft pass, through high alpine valleys to get to the Lamar Valley to view wildlife before heading back to camp. On our return, we will need to stop at the Park Office to pick up our Back Country permit.

Day 4 (Tuesday): The group will depart from the WK6 (Bighorn Pass) trailhead hiking 6.5m along the upper Gallatin river and stay at WB1 & WB6 campsites. This tour takes you through the most beautiful Gallatin Valley with the Bighorn Pass looming in the distance. Wildlife are plentiful, so keep a keen eye. You will hike over the 1995 landslide that rolled down the gentle slope and fish for cutthroat and brookies.

Day 5 (Wednesday): Fawn Pass will await the hikers with 8m of trail to cross the pass to their Fan Creek campsites (WC2/WC3). This entire area is wildlife abundant and seeing elk is almost a guarantee. Fan creek holds healthy populations of cutthroat and rainbow trout, along with occasional large browns.

Day 6 (Thursday): The return trail to the WK5 trailhead is 3-5m down the Fawn Pass Valley and rejoin the Pointe group for a relaxing afternoon in camp.

Day 7 (Friday): We break camp and depart for Craters of the Moon in Idaho where we will stretch our legs, retrieve our flashlights and take a short hike to cool off. Then depart to rendezvous with the Bliss Pass group in Ontario, Oregon.

Day 8 (Saturday): We continue our 7 hour drive to Eugene.

# T282 Bliss Pass Adventure

Join Troop 282 on an adventure to Yellowstone National Park.

Join us for a memorable trip to America's most famous park to see the Old Faithful geyser, wildlife, hike the back country and fly fish in world-class waters.

Day 1 (Saturday): Our trip begins with our arrival at the Rainbow Point campground, a trip to West Yellowstone where we will pick up our fishing licenses, learn about bears and backcountry travel.

Day 2 (Sunday): We will travel to the Continental Divide (group photo with Class A), spend time in the Old Faithful Visitor Education Center learning about geysers including the two 15-minute videos, take a 4.6m hike to the Upper Geyser Basin. After lunch, we'll stop at Yellowstone's geothermal features (Grand Prismatic Spring & Fountain Paint Pot) along the way back to our camp at Rainbow Point. The late afternoon & evening, we will spend relaxing and flyfishing the Gallatin River near the western edge of the park.

Day 3 (Monday): We will be up early to see the Grand Canyon of the Yellowstone. View the Upper Falls & take a 0.7m hike (328 steps) to the lower falls. After lunch, we continue clockwise on the lower loop, driving by Yellowstone Lake and stopping to flyfish the Firehole or Madison rivers before heading back to camp after stopping to pick up our backcountry permits.

Day 4 (Tuesday): We will be off to the Norris Geyser Basin after stopping for short hikes at Beryl Spring & Artists Paint Pots. After a viewing Norris, we will explore the Museum of the National Park Ranger at the Norris Soldier Station where we will have lunch. We will continue clockwise on the upper loop, driving to Mammoth, another short hike, and re-trace back to camp.

Day 5 (Wednesday): We depart and drive to the northeast corner of Yellowstone, driving over the 10,000ft pass, through high alpine valleys to get to the Lamar Valley. One group will depart from the 3K2 (Pebble Creek) trailhead and stay at 3P1 campsite. The other group will depart from the 3K4 (Warm Creek) trailhead and overnight at the 3P4 also along Pebble Creek. This day will be easy hiking (3.5m). In the evening, we will seek native cutthroats in Pebble Creek.

Day 6 (Thursday): We depart our respective camps and meet at Bliss Pass Jct. There, we will travel up 1,300 feet on switchbacks with glorious views over the 9800' Bliss Pass to the Slough Creek Valley over 1000' below. We will separate again to campsites 2S3 and 2S4 and spend the evening on Slough Creek hooking the large rainbows and oversized cutthroats after our 11.5m hike.

Day 7 (Friday): We break camp and depart for the Slough Creek trailhead (2K5) for 7m with occasional stops at the lower meadow to see if we might fool a fish or two. Then depart for rendezvous with the rest of T282 in Ontario, Oregon.

Day 8 (Saturday): We continue our 7 hour drive to Eugene.
